

Q3 FUNDING

Ottawa-Carleton District School Board
Building Brighter Futures Together @OCDSB

Q3 What are some important priorities for the OCDSB to focus on for the next four years?

Your Extra-Curricular activities are not being funded well, specifically theatrical performances. You have equipment from 1976 still installed The equipment is becoming unsafe and unreliable. You absolutely need to fix this as this is affecting some possible career paths in high school.

School budget This is important because they spend more money on stuff that we kids don't find as fun for example the school dance.

Funding for school cafeteria lunches My school has terrible lunches that are unhealthy, greasy, and don't taste that good. The prices are a bit expensive and the foos doesn't justify it.

Making sure the provincial government does not destroy funding. Schools need more resources from the province. Budget cuts at the provincial level will be disastrous.

FIGHT FOR MORE FUNDING FROM THE PROVINCE The amount of cash available for resources, training, support, cleaning etc is sad. Must change to address aging infrastructure!

Properly support the initiatives you undertake - funding, staff:student ratios to make it work, time Consider carefully the role of the school board/schools vs the role of parents. The school can't do it all - but do well what you choose to do.

adequate funding in the classroom (not head office). So much of OCDSB \$ goes into "special" initiatives and does not get spent where it's needed most \$ is needed in the classroom to help teachers whoc know best what resources they need to teach their students
