

Q1 VARIETY OF ACTIVITIES AND CLUBS

Ottawa-Carleton District School Board
Building Brighter Futures Together @OCDSB

Q1 What are some things that the OCDSB is doing well to support learning and well-being?

They are letting students take charge in some parts, with Link Crews/A-teams, with starting clubs, with general involvement in the school programming It's important to let the students have a voice, not only in extra curricular activities, but in the school itself

Having Lots Of Clubs and Extracurricular Activities I think this is important because lots of people are good and interested in different things, like art. Our school has lots of clubs.

Hardworking teachers provide interesting extracurriculars. My children attend a beautiful new school that is well maintained. School is about more than just seat work -- all students deserve access to extracurriculars and a bright, clean learning environment.

Teachers are very giving of their time. GMS has a multitude of clubs run by teachers during recess - sports, chess, SGA, math, writing, guitar etc My son is shy and not into team sports which is all that was offered at OCDSB. At GMS he was able to join Rubix, guitar and SGA clubs.

Arts and physical education needs to stay a priority. In fact more emphasis would be useful especially in these areas. Fit and creative thinkers will succeed where others will not.

Extra curricular clubs and activities Students need opportunities to connect with other students beyond academics

Secondary Staff

3.9 ★★★★★ (19)

There are lots of clubs, extracurriculars and sports team to participate throughout the OCDSB. Some schools have more or less sports, but I think every school has basketball, soccer, volleyball, and of course, Track and Field.

Hold events that add a positive vibe to the school environment be it concerts or other events. It's time of serious negative news in our world, locally, nationally, internationally. Anything that helps bring communities together is important.
