

Q1 AGGRESSIVE BEHAVIOUR

Ottawa-Carleton District School Board
Building Brighter Futures Together @OCDSB

Q1 What are some things that the OCDSB is doing well to support learning and well-being?

Classrooms are being destroyed and students are regularly locked in their classrooms to protect them from students who are destroying rooms. This should be our only priority right now. Working with wellness and mental health with social workers and psychologist in schools.

To improve learning, separating the children with behavioral issues would make it better for others to learn without the constant interruptions. Facilities for behavioral children should be designed for their needs making it safer for everyone.

Children should know that would be consequences for bad behaviour. Now kids who swear in class and are aggressive towards others do not get reprimanded It is hard to explain to your child that something is not ok to do when they see other kids do it and get away with it.

They are not. Schools are not safe and there is no support for staff or students. There is so much violence and aggression in the classroom. We can't have an innovative education system when we can't even have safe classrooms for students to learn or supports for mental health.
