

Q1 EXTENDED DAY PROGRAMS

Ottawa-Carleton District School Board
Building Brighter Futures Together @OCDSB

Q1 What are some things that the OCDSB is doing well to support learning and well-being?

Having EDP available in schools is a great way to ensure that kids are able to concentrate on learning and not on where they have to go. It makes things so much easier for parents.

Some schools are hubs for after hours. The board allows that. Soccer / sports in school. Other activities encouraged and promoted would be very useful Using facilities to promote community investment beyond classroom. Community bonding. Creates more interest in school goings-on. (Need more non sport)

The OCDSB is allowing schools to offer extended day programs on site and integrate the staff from the school in those programs. This allows for consistency in the kids' days and ensures they have consistent relationships with staff.
