

Q2 FUNDING

Ottawa-Carleton District School Board
Building Brighter Futures Together @OCDSB

Q2 What are some ways that the OCDSB could improve how we support learning and well-being?

It's not good enough to just have policies, you need to provide the funding to implement them. Schools seem to understand what the children's needs are, but don't have the resources to address them.

Elementary Parents and Guardians - 2

Greater funding for core school needs (e.g. leveled readers) so parent council funds can be directed to extras rather than core needs. Parent council funding needed to ensure children's needs are met in the classroom in terms of core equipment and supplies. Unacceptable.

More Funding There is a disproportionate amount of funding between different schools. Some schools don't have working ac's whereas others are much more modern

Students Grades 9 to 12

Recognize that the Alternate system is completely different from a regular high school and increase funding and resources for these sites.

Secondary Staff

Fund schools properly. Constantly being hit up with fundraising initiatives is annoying.

Continue to work with provincial government to lobby for adequate funding to run full suite of programs

Schools should not have to cut programs or choose between the diverse needs of the student population

Secondary Parents and Guardians - 4
