

Q2 INCLUSIVE

Ottawa-Carleton District School Board
Building Brighter Futures Together @OCDSB

Q2 What are some ways that the OCDSB could improve how we support learning and well-being?

Promoting LGBTQ+ inclusion and acceptance at all grade levels - especially early grades!

Too many kids are being bullied and dropping out of school due to anti-LGBTQ attitudes.

Keep the gender neutral washrooms unlocked!! I thought they were supposed to but my school often doesn't and it's seriously harmful!! Trans teens who aren't out or don't feel comfortable in either washroom shouldn't have to go throughout that especially with the higher suicide rate

Help students who are being bullied. I was getting punched and kicked and harrassed every day at my school by a few people for being gay and when I go t the courage to tell somebody, they talked to him (the main person) but no consequences. I kept getting hurt and made fun of and had to switch class.

The involment of LGBTQ community I think this is very important because times are changing and schools need to involve the awareness of students that fit in this can open up and be treatedlikeequals

Make a more accepting environment for trans kids. As a trans girl I constantly feel unsafe in our schools. I'm constantly worried about both physical violence and bullying.

Create a safer school environment for minority students Ocdsb has a very diverse population and that needs to be taken into account. Gender neutral washrooms and places to go when fasting.
