

Notice of Public Consultation Meeting

Opening Grade Structure, Program Offering, and Attendance Boundary for the **New Findlay Creek Elementary School**

Over the past few months a locally-formed working group has met to discuss potential accommodation proposals related to the future opening of the New Findlay Creek Elementary School – scheduled to open in September 2024.

A Public Consultation Meeting will be held to seek feedback on the proposed opening grade structure, program offering, and attendance boundary. Input received at the public consultation meeting will assist staff in preparing recommendations to the Board. Some of the specific areas we will be seeking feedback on include:

- The proposed opening grade structure, program offering, and attendance boundary for the New Findlay Creek Elementary School;
- The associated proposed revision to the attendance boundary area for Vimy Ridge Public School;
- The redirection of current students temporarily directed to Robert Bateman Public School and Roberta Bondar Public School.

To find out more and provide feedback, please attend this meeting to be held on:

**Wednesday, November 29th 7:00PM to 9:00PM
Vimy Ridge Public School - Gymnasium
4180 Kelly Farm Drive, Gloucester**

At the meeting there will be a brief presentation by Board staff, followed by a question & comment session. Staff will be available to answer questions on an individual basis following the meeting. **An information package providing details of the review and the proposals will be available at the meeting.**

Additional information about the review can be found at:
