## **Introduction and Background**

This study has been initiated by the Ottawa-Carleton District School Board (OCDSB) in order to establish the attendance boundary, program offering, and opening grade structure for the new Stittsville secondary school and make other associated changes. The new school is scheduled to open to students in September 2022.

The need for the construction of a secondary school to serve students within Stittsville dates back many years. The project was first identified in the District's 2006 Capital Plan, and had been included in successive capital priority submission processes since that time.

In March 2018, the Board received confirmation of capital funding from the Ministry of Education for the construction of a 1,353 pupil place secondary school to serve grade 7 to 12 students in the Stittsville area.

The new secondary school site is located at 700 Cope Drive (southwest corner of Robert Grant Avenue and Cope Drive), in the western portion of the Fernbank Community. The site is 6.54 hectares in size or just over 16 acres (see General Location Map on page 6).

The OCDSB has also identified the need for four future elementary schools in Fernbank to serve the community in the longer term. In anticipation of capital funding from the Ministry of Education to construct the first of the four schools, a study was recently completed to determine the attendance boundary, program offering and grade structure.

On September 30<sup>th</sup> 2019, the OCDSB submitted to the Ministry its list of capital priorities for funding consideration. The opening of a new kindergarten to grade 6 elementary school in Fernbank was listed as the highest priority. A funding announcement is expected early in the new year.

On October 22<sup>nd</sup> 2019, the OCDSB approved a study timeline and consultation plan for the new Stittsville secondary school. The plan includes the formation of a working group.

## **The Working Group**

The working group is to be comprised of Board staff and representatives from each of the following schools:

- **A. Lorne Cassidy Elementary School;**
- **Goulbourn Middle School;**
- **South Carleton High School;**
- **Glen Cairn Public School;**
- **A.Y. Jackson Secondary School;**
- **Stittsville Public School;**

- Castlefrank Elementary School;
- Katimavik Elementary School; and
- Earl of March Secondary School.

The first five schools listed above are schools which serve grade 7 to 12 students residing in the Stittsville area. The boundaries and/or grade structures of these schools are expected to be impacted by the opening of the new school. The attendance boundaries of the four remaining schools contain future residential development areas located within the Stittsville area. The direction of these development areas will be examined as part of this study.

In addition to those listed above, other area schools could be invited to provide representatives to the working group meetings if options considered serve to impact their school communities. The role of the working group is to provide localized input and advice with regard to proposed options, community and neighbourhood alignments, and parental and family preferences as they relate to student movement. Representatives will also update their school councils regarding the study process and its progress.

Community associations located within the attendance boundary of study area schools have been invited to send one representative each to participate in the working group.

Area trustees have been notified of the process and are invited to attend all working group meetings.

### **Key Considerations**

Commencing the study at this time will enable relevant information to be communicated to impacted students and families in a timely fashion.

The study will examine the attendance boundary, program, and opening grade structure options for the new secondary school. These options will take into consideration updated student enrolment and school-age population trends, residential development patterns, and student distribution data. It will also take into account the approved recommendations from the recently-completed New Fernbank Elementary School Study.

As part of the study process, current local area attendance boundaries and feeding patterns will be reviewed in an effort to ensure that logical alignments are put in place, and a balancing of enrolments is achieved. Where possible, the location of future residential development and planned new school openings will be taken into consideration.

A unique consideration for this study concerns what assumptions should be made around the share of enrolment the new school will experience upon opening. Given the District's lack of

local secondary accommodation in Stittsville, it is anticipated that the school may receive a significantly higher number of students than might otherwise be expected based on current area enrolment trends.

Approximately 30% of children aged 12 and 13 (intermediate level) residing in the Stittsville area (excluding the Fernbank area east of Robert Grant Ave) choose to attend their designated OCDSB school. At the secondary level, 27% of the area's children aged 14 to 17 choose to attend their designated OCDSB secondary school (South Carleton HS in the Village of Richmond).

Meanwhile in other areas of the District where local OCDSB secondary school accommodations exist the rates are higher. For example, in South Nepean where the OCDSB has two secondary schools, 49% of both the intermediate and secondary school-aged children choose to attend their designated OCDSB school.

### **Study Objectives**

1. **To determine the attendance boundary, program offering, and opening grade structure for the new Stittsville secondary school.**
  
2. **The creation of a set of attendance boundaries and programs for local schools which:**
  - i) **help to balance enrolments at local area schools;**
  - ii) **are logical and sustainable in the longer-term;**
  - iii) **align program feeding patterns;**
  - iv) **provide for viable student programming; and**
  - v) **account for future planning considerations such as the opening of additional schools in future years.**
  
3. **The examination of designated school directions for new and future residential development areas. Are there any boundary adjustments that should be considered to create more geographically logical attendance boundaries and/or better balance future enrolments between area schools?**

The above could result in attendance boundary adjustments between A. Lorne Cassidy ES, Stittsville PS, Castlefrank ES, Katimavik ES and Earl of March SS.

### **Consultative Process and Next Steps**

The working group will meet as necessary throughout the fall and winter at various local area schools. The goal of the group will be to come to a consensus regarding a proposed plan or a set of options to be presented at a Public Consultation Meeting, currently scheduled to take place in April 2020.

These options will address key study objectives and issues, in particular to determine the attendance boundary, program offering and opening grade structure for the new Stittsville secondary school.

The purpose of the Public Consultation Meeting is to receive input from impacted school communities and members of the public with regard to the presented proposal. Parents and community members will be encouraged to provide input at the meeting held that evening, however, feedback is appreciated throughout the process.

Once input from the community is reviewed and potential revisions are evaluated, Planning staff will prepare a recommendation report to the Board's Committee of the Whole in June 2020. That meeting will include an opportunity for delegations from the public and Trustee debate regarding staff's recommendations.

A final decision by the Board regarding the review is currently scheduled to take place in June 2020.

Public comments and/or questions regarding the review may be sent in by:

## School Summaries for 2019-2020

### **A. Lorne Cassidy Elementary School**

- K to Grade 8 ENG, EFI, 4-8 MFI
- MFI students feed into the school from Stittsville PS, Westwind PS, and New Fernbank ES upon its opening
- Students feed to South Carleton HS for grades 9 to 12
- Preliminary October 31 2019 enrolment is 589
- School capacity is 600; Utilization is 98%
- Currently there are four portables on site required for instructional use
- Forecast is for enrolment at the school to remain stable to slightly decreasing over the next five years

### **Castlefrank Elementary School**

- K to Grade 3 ENG, EFI
- Language Learning Disabilities Program
- A future development area in the Kanata West CDP lands is within the attendance boundaries for the school
- ENG and EFI students feed to Katimavik ES for grades 4 to 8
- MFI students feed to Bridlewood CES for grades 4 to 6
- Preliminary October 31, 2019 enrolment is 322
- School capacity is 416; Utilization is 77%
- Currently there are no portables on site required for instructional use
- Forecast is for enrolment at the school to remain relatively stable to slightly decreasing over the next five years

### **Glen Cairn Public School**

- Grade 7 to 8 ENG, EFI, MFI
- Behaviour Intervention Program
- Students feed into the school from Bridlewood CES, John Young ES, and Roch Carrier PS
- Students residing in Fernbank east of Robert Grant Avenue are directed to Glen Cairn PS for grades 7 and 8
- Students feed to A.Y. Jackson SS for grades 9 to 12
- Preliminary October 31, 2019 enrolment is 312
- School capacity is 352; Utilization is 89%
- Currently there are no portables on site required for instructional use

- Enrolment is projected to increase significantly over the next five years

### **Goulbourn Middle School**

- Grade 6 to 8 ENG, MFI
- Grade 7 to 8 EFI, Gifted ENG
- General Learning Program
- ENG and MFI students feed in from Richmond PS at Grade 6
- ENG and EFI students feed in from Stittsville PS and Westwind PS at Grade 7
- Students feed to South Carleton HS for grades 9 to 12
- Preliminary October 31, 2019 enrolment is 434
- School capacity is 400; Utilization is 109%
- Currently there are three portables on site required for instructional use
- The overall school enrolment is expected to fluctuate over the next five years

### **Katimavik Elementary School**

- Grade 4 to 8 ENG, EFI
- Learning Disability Specialized Intervention Program
- General Learning Program
- ENG and EFI attendance boundaries include a future development area within the Kanata West CDP lands
- Students feed in from Castlefrank ES for grades 4 to 8
- Students feed to Earl of March SS for grades 9 to 12
- Preliminary October 31, 2019 enrolment is 336
- School capacity is 387; Utilization is 87%
- Currently there are no portables on site required for instructional use
- The overall school enrolment is expected to increase slightly over the next five years

### **Stittsville Public School**

- K to Grade 6 ENG, EFI
- Most of Kanata West CDP lands south of the Highway 417 are within its attendance boundaries
- MFI students feed to A. Lorne Cassidy ES for grades 4 to 8
- Students feed to Goulbourn MS for grades 7 and 8
- Preliminary October 31, 2019 enrolment is 655
- School capacity is 626; Utilization is 105%
- Currently there are three portables on site required for instructional use
- The overall school enrolment is expected to decrease slightly over the next five years until new residential development regains momentum

### **A.Y. Jackson Secondary School**

- Grades 9-12 English and Immersion
- Autism Spectrum Disorder Program
- Students feed in from Glen Cairn PS and W.O. Mitchell ES
- Fernbank lands east of Robert Grant Avenue are within its attendance boundary
- Preliminary October 31, 2019 enrolment is 914
- School capacity is 759; Utilization is 120%
- Currently there are 12 portables on site required for instructional use
- The overall school enrolment is expected to increase significantly over the next five years

### **Earl of March Secondary School**

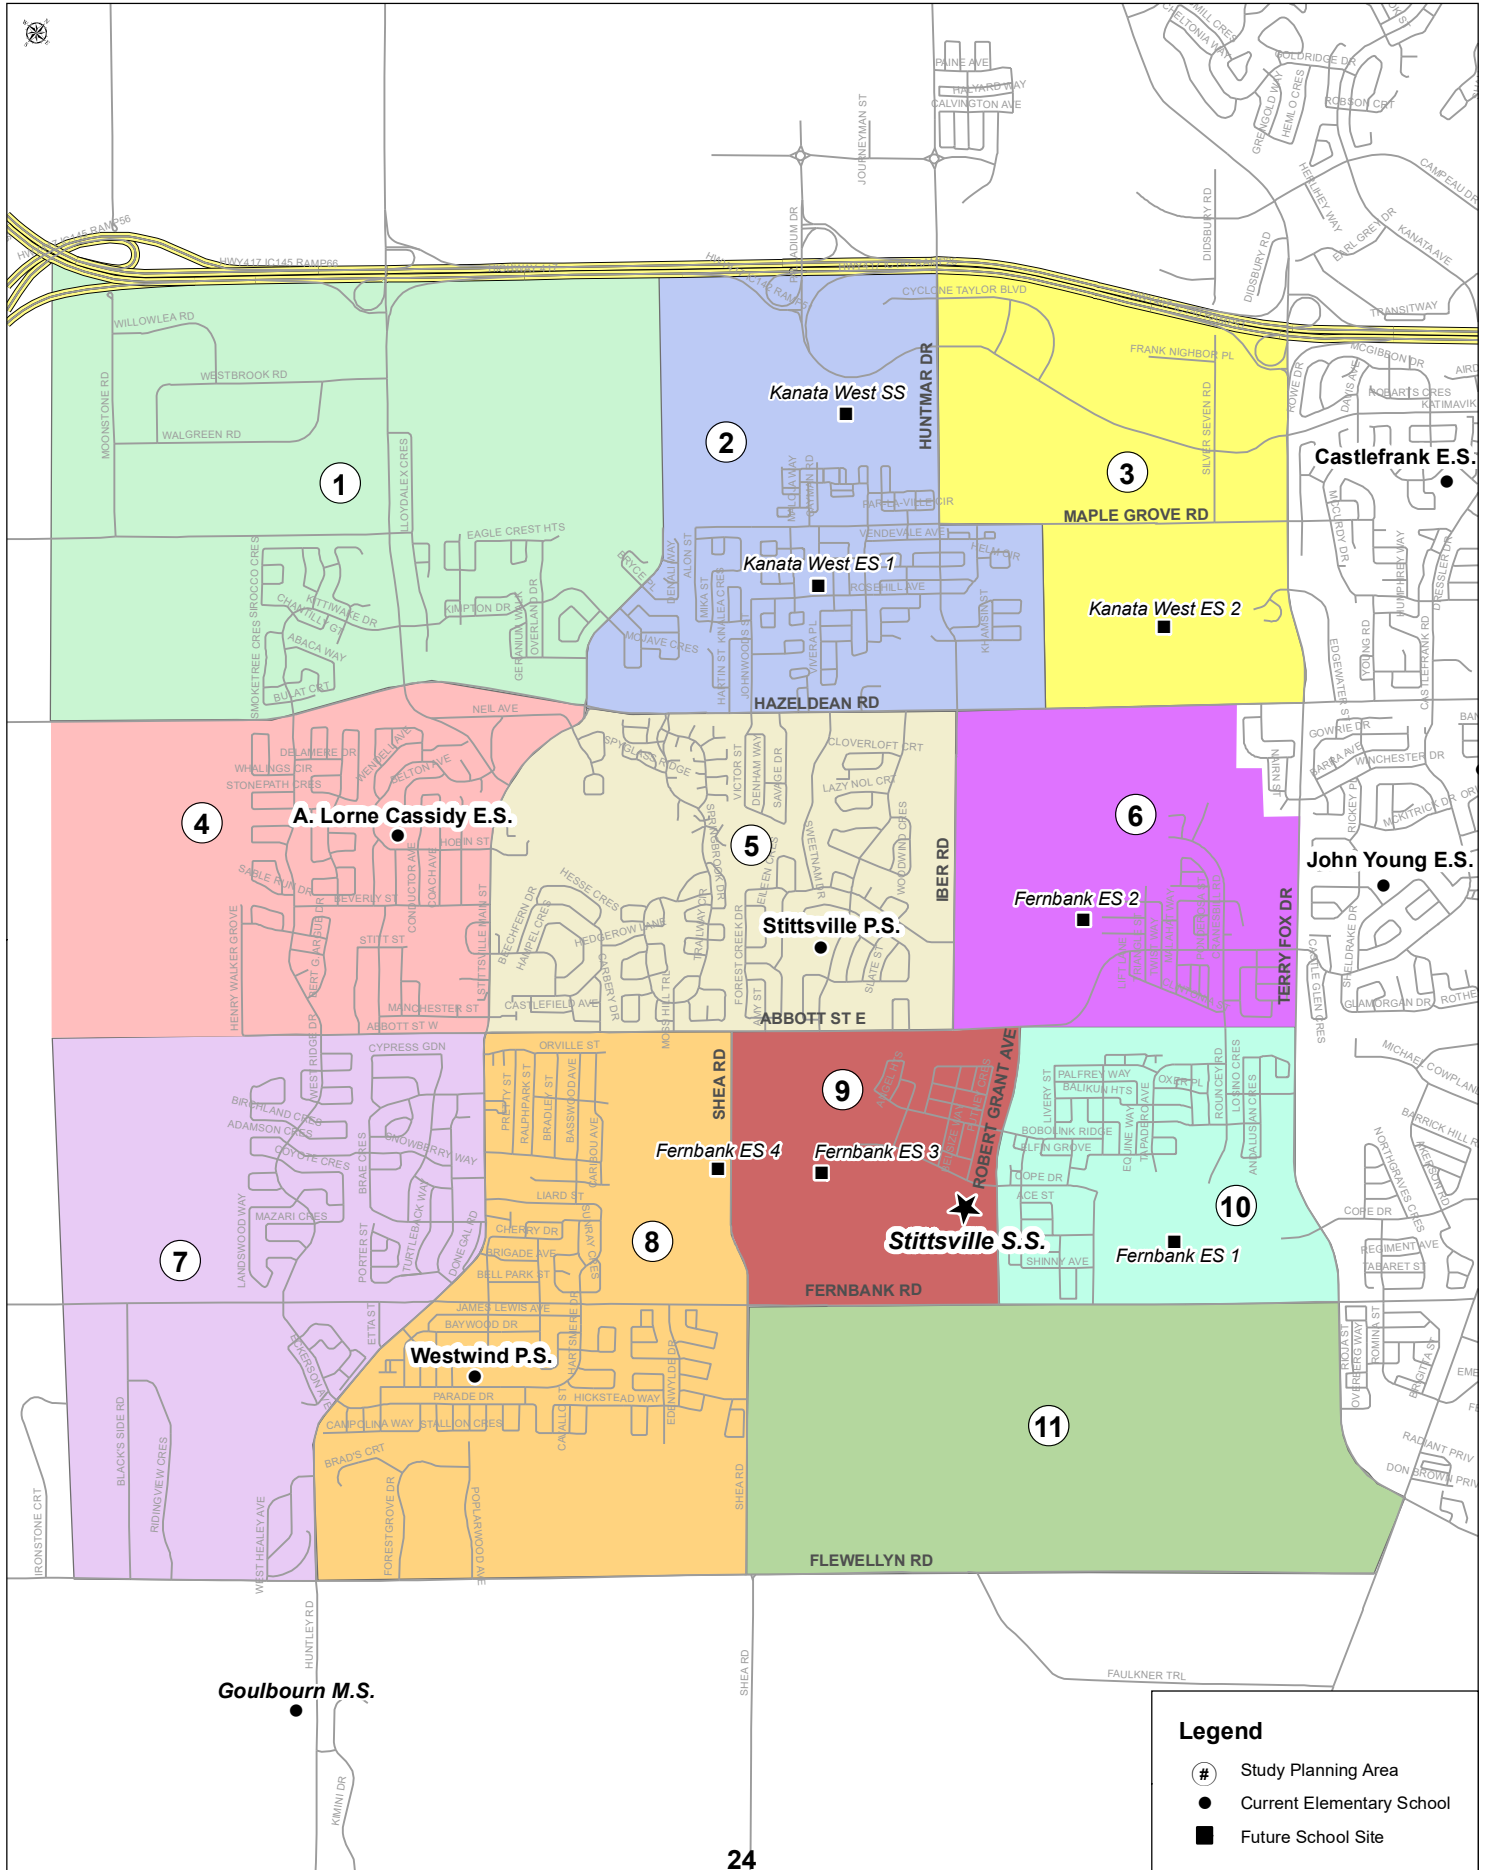

- Grades 7-8 ENG, EFI, MFI
- Grades 9-12 English and Immersion
- Autism Spectrum Disorder Program
- Developmental Disabilities Program
- Students feed in at grade 7 from Roland Michener PS, W.E. Johnston PS, Kanata Highlands PS, and Stephen Leacock PS
- Students feed in at grade 9 from Katimavik ES
- Kanata West CDP lands east of Huntmar Drive are within its attendance boundaries
- Preliminary October 31, 2019 enrolment is 601+1381=1982
- School capacity is 1484; Utilization is 134%
- Currently there are 20 portables on site required for instructional use
- The overall school enrolment is expected to increase significantly over the next five years

### **South Carleton High School**

- Grades 9-12 English and Immersion
- Dual Support Program
- Students feed in from A. Lorne Cassidy ES, Goulbourn MS, Kars on the Rideau PS, Cedarview MS, and Steve MacLean PS
- Fernbank lands west of Robert Grant Avenue are within its attendance boundary
- Preliminary October 31, 2019 enrolment is 1149
- School capacity is 1344; Utilization is 85%
- Currently there is one portable on site required for instructional use
- The overall school enrolment is expected to increase significantly over the next five years
