

Vimy Ridge Accommodation Consultation

Notes from Working Group Meeting #3

The meeting commenced at 7 pm with the following people in attendance

Jennifer Jennekens
Kaveeta Ajwani
Ahmed Fawal
Cheryl Sevigney
Genevieve Gauthier King
Kevin McGowan
Laurie Rogers
Deb Woods
Jeff Griesbach
Reg Lavergne
Karyn Carty Ostafichuk

The meeting began with a brief overview of where we are at. Karyn is seeking to confirm simply what she has heard at the previous meetings and through feedback in the interim.

Regarding Capital Priorities submissions to the Ministry. There was indeed a Capital call as rumoured but rather than being permitted to resubmit our previous 5 projects the Ministry permitted only 3 repeat projects and would consider 2 new projects. As this was the case, the OCDSB will submit in order ranked, New Findlay Creek Elementary School, AY Jackson Secondary School Addition and Viscount Alexander Addition

Interim Solutions

Most seem to concur that "status quo" will be crowded but manageable for Vimy Ridge this September. Portable will be brought to the school over the summer to facilitate this.

We seem to have arrived at one of two scenarios to present to the broader public. This doesn't preclude the addition of either detail or variations on the themes presented; nor does it preclude a different solution altogether.

We will proceed to broader public feedback for these matters.

Meeting adjourned at 740 pm
