

OTTAWA-CARLETON  
DISTRICT SCHOOL BOARD

## New Half Moon Bay Elementary School

Opening for September 2022

Grade, Program Offering and Attendance Boundary Review

## Options for Discussion Purposes

**Advisory Committee Meeting #1**

Virtual Meeting  
5:30 - 7:30 pm  
February 25, 2021

---

## Option A - Accommodation Impact

### Description:

Both Half Moon Bay Public School and New Half Moon Bay Elementary School offer a JK-6 ENG/EFI program.

Half Moon Bay Public School Attendance boundary is generally divided along Cambrian Rd east of Greenbank Rd and along Brambling way west of Greenbank.

### Issues & Considerations

- Approximately 1/3 of Half Moon Bay PS's current enrolment is located within its core area - Planning Area 4.
  - Difficult to divide the regular English program boundary to ensure viable program enrolment especially in primary division (Grades 1-3).
  - Enrolment between each school is balanced with approximately 500+ students in 2022 and approx. 600 students by 2026.
  - New school would open as a JK-5, to limit student disruption, phasing in Gr 6 the following year. New school Gr 5's would have at least 2 years in the school before heading to Cedarview Middle School for Gr 7-8.
  - With two (2) schools in the community, more students are able to walk to their designated school.
  - Provides for equity of program access, locally.
-

- Considers future development and student accommodation within each school boundary.
- In accordance with provincial policy for this accommodation review, the new school must open with less than 50% of the status quo projected enrolment of Half Moon Bay PS for 2022. (JK-5 opening equates to 44%)

# Option A

## Junior Kindergarten to Grade 6

### English Program with Core French and Early French Immersion Attendance Boundary

New Half Moon Bay Elementary School  
**Option A - Accommodation Impact**

Description: Half Moon Bay Public School divides enrolment with the New Half Moon Bay Elementary School (both schools as JK-6 ENG/EFI)

**2022**

School	Capacity	Prog	JK	SK	1	2	3	4	5	6	7	8	SE	Total	UF %
Half Moon Bay Public School	674	KG TN	57	63										120	77.3%
		ENG			14	19	27	26	27	32				145	
		EFI			52	48	50	47	31	28				256	
		Total	57	63	66	67	77	73	58	60				521	

New Half Moon Bay Elementary School	674	KG TN	57	57										114	79.8%
		ENG			17	16	20	21	25	38				137	
		EFI			42	39	53	61	51	41				287	
		Total	57	57	59	55	73	82	76	79				538	

**2026**

School	Capacity	Prog	JK	SK	1	2	3	4	5	6	7	8	SE	Total	UF %
Half Moon Bay Public School	674	KG TN	57	61										118	89.0%
		ENG			14	19	26	32	36	42				169	
		EFI			53	54	51	54	50	51				313	
		Total	57	61	67	73	77	86	86	93				600	

New Half Moon Bay Elementary School	674	KG TN	79	81										160	85.5%
		ENG			20	21	22	26	29	30				148	
		EFI			60	56	50	40	32	30				268	
		Total	79	81	80	77	72	66	61	60				576	

*Note: Utilization % = enrolment divided by school capacity*

## Option A1 - Accommodation Impact

### Description:

Same as Option A, except that both Half Moon Bay PS and New Half Moon Bay ES each offer a JK-8 ENG/EFI program.

Half Moon Bay PS attendance boundary is generally divided along Cambrian Road east of Greenbank Road and along Brambling Way west of Greenbank Road.

### Issues & Considerations

- Enrolment between each school is in excess of 600+ students in 2022 (95% & 100% utilization) and well above 110% utilization by 2026, likely requiring Portables.
  - Intermediate (Grade 7-8) cohort is split between the two schools. With 2 schools in the community, more students are able to walk to their designated school.
  - Provides for equity of program access, locally.
  - Enrolment at Cedarview Middle School is reduced to 450 students or approx. 65% utilization. Allows opportunity to be used for future accommodation solutions.
  - A phase-in of the intermediate cohort would commence in 2024 with grade 7 being offered at both schools.
  - In accordance with provincial policy for this accommodation review, the new school must open with less than 50% of the status quo projected enrolment of Half Moon Bay PS for 2022. (JK-5 opening equates to 44%)
-

Option A1  
Junior Kindergarten to Grade 8  
English Program with Core French and Early French Immersion Attendance Boundary

New Half Moon Bay Elementary School  
**Option A1 - Accommodation Impact**

Description: Same as Option A with the addition of grades 7-8 at each school

**2022**

School	Capacity	Prog	JK	SK	1	2	3	4	5	6	7	8	SE	Total	UF %
Half Moon Bay Public School	674	KGTN	57	63										120	93.5%

		G.ENG									12	13		25	
		Total									246	210	4	460	

*Note: Utilization % = enrolment divided by school capacity*

## Option B - Accommodation Impact

### Description:

Half Moon Bay PS offers a JK-6 ENG/EFI program

New Half Moon Bay ES offers a JK-6 EFI and 7-8 ENG/EFI program

JK-6 ENG boundary is comprised of the existing Half Moon Bay PS boundary;

JK-6 EFI boundaries are the same as in Option A;

### Issues and Considerations

- Regular English program remains at Half Moon Bay PS (JK-6) .
  - Both schools offer local immersion program (JK-6).
  - Gr 7-8 ENG/EFI program allows for intermediate programming within the community at one school.
  - New Half Moon Bay ES opens with a JK-7 grade structure
  - In 2022 Half Moon Bay PS is slightly overcapacity with approximately 700 students and the new school at approximately 600 students.
  - By 2026, enrolment at both schools is balanced though overcapacity, with approximately 800 students at Half Moon Bay PS and 700 students at the new school. Portables required.
-

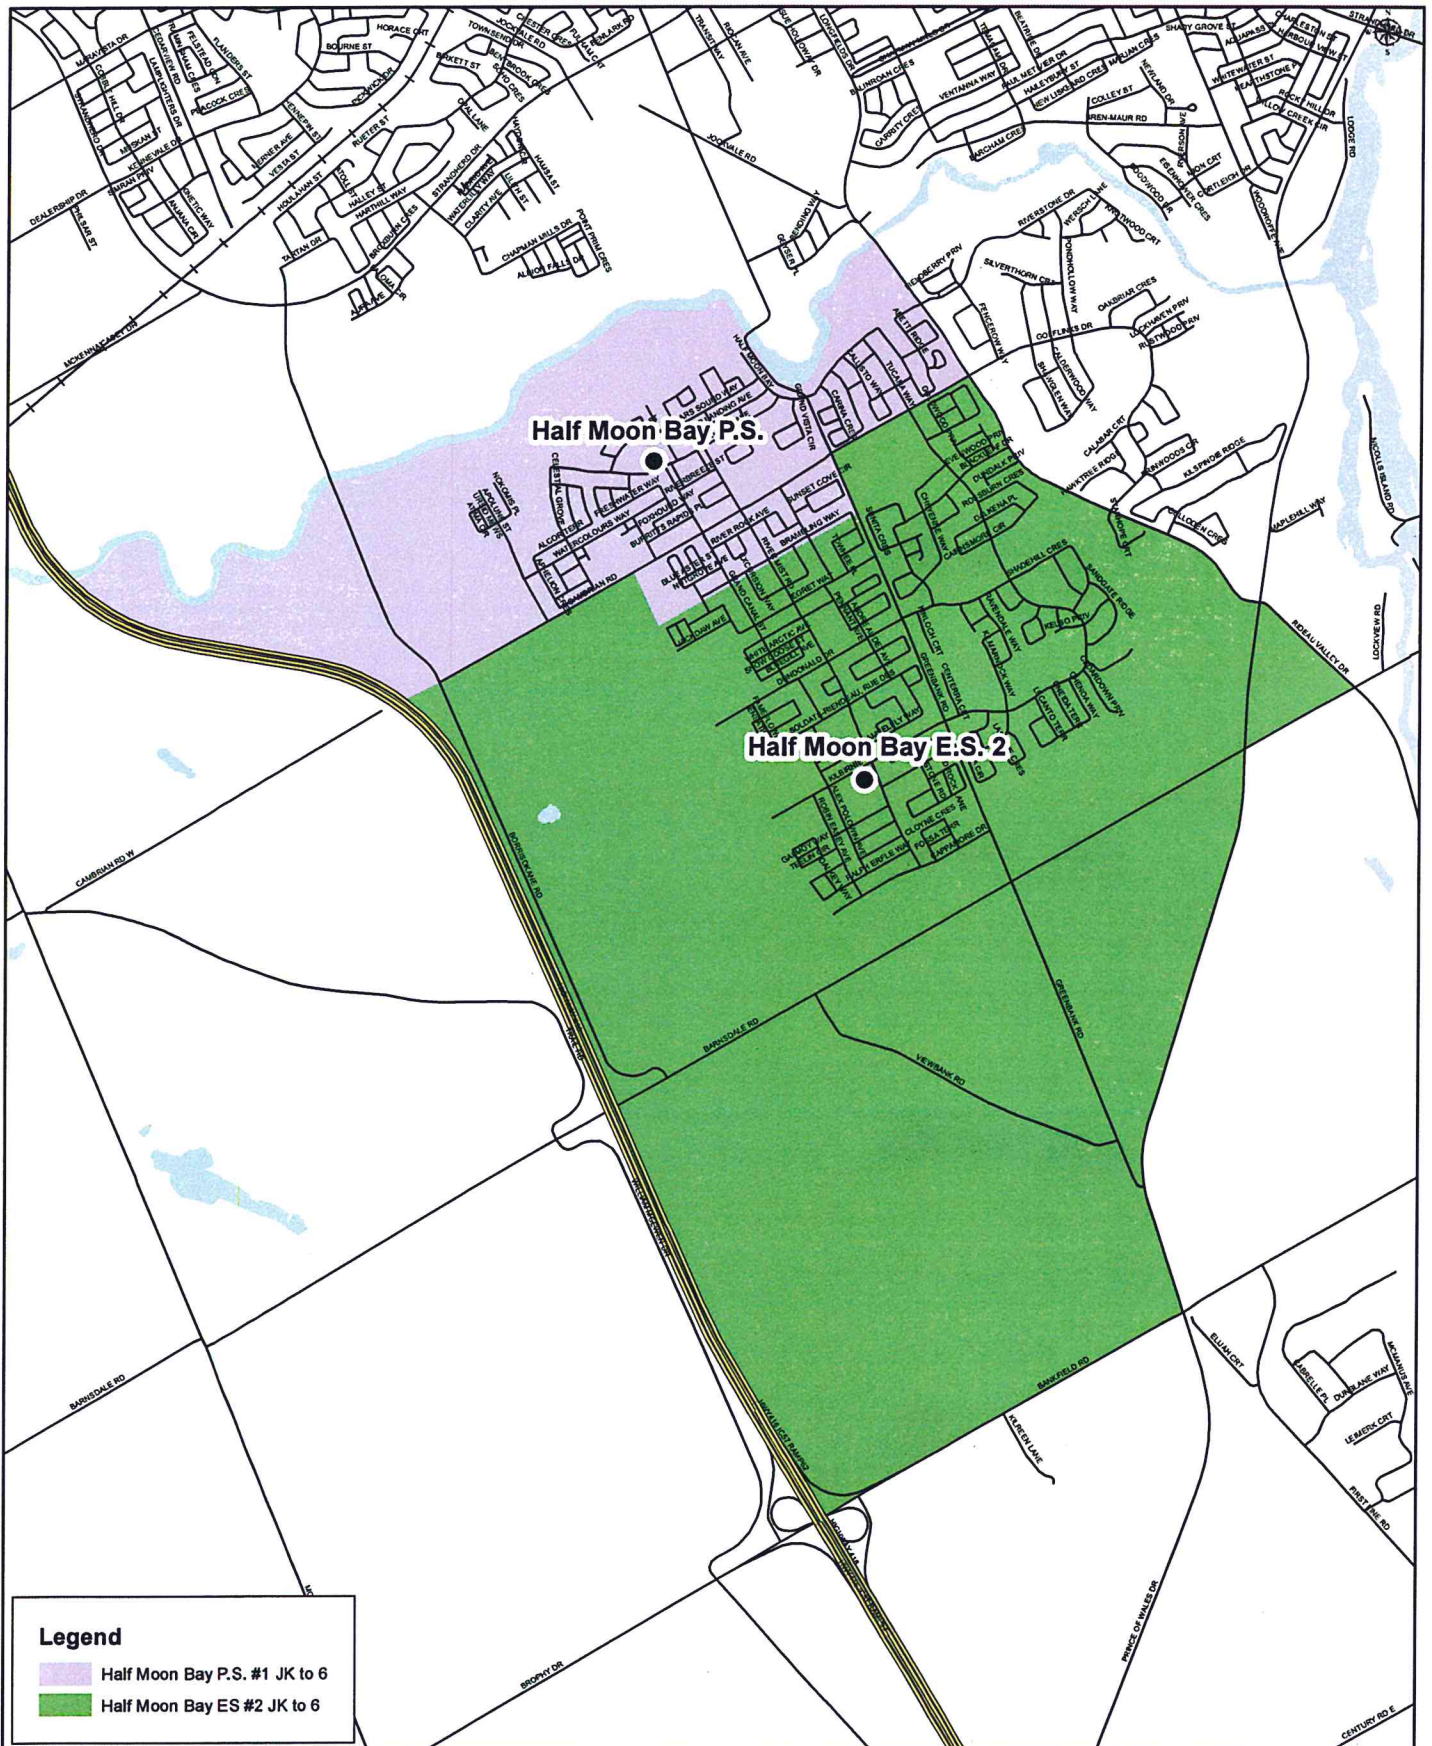

- With two schools in the community, more students are able to walk to their designated school.
- Provides for equity of program access, locally.
- Considers future development and student accommodation within each school boundary.
- In accordance with provincial policy for this accommodation review, the new school will open with less than 50% of the status quo projected enrolment of Half Moon Bay PS for 2022.

# Option B Junior Kindergarten to Grade 6 English Program with Core French Attendance Boundary

Option B  
Junior Kindergarten to Grade 6  
Early French Immersion Attendance Boundary

Option B  
Grades 7 to 8

English Program with Core French and Early French Immersion Attendance Boundary

New Half Moon Bay Elementary School

**Option B - Accommodation Impact**

Description: Half Moon Bay Public School retains its existing JK-6 ENG program for the entire community and accommodates local area immersion program students. New Half Moon Bay ES accommodates local area immersion students along with all Half Moon Bay area Grade 7/8 ENG/EFI

**2022**

School	Capacity	Prog	JK	SK	1	2	3	4	5	6	7	8	SE	Total	UF %
Half Moon Bay Public School	674	KGTN	79	84										163	104.0%

		Total	53	54	60	56	50	40	32	30	189	178		742	

*Note: Utilization % = enrolment divided by school capacity*

## Option C - Accommodation Impact

### Description:

Half Moon Bay PS offers a JK-3 ENG/EFI program

New Half Moon Bay ES offers a Gr 4-8 ENG/EFI program

The attendance boundary for this option is comprised of the current Half Moon Bay PS boundary.

### Issues and Considerations

- Enrolment between each school is generally balanced with approximately 600+ students in 2022.
  - Siblings would be split between the two schools.
  - This option does not allow for effective use of school facility resources.
  - With two schools in the community, more students are able to walk to their designated school.
  - Provides for equity of program access, locally.
  - Considers future development and student accommodation within each school boundary.
-

Option C  
Half Moon Bay PS - Junior Kindergarten to Grade 3  
Half Moon Bay ES #2 - Grades 4 to 8  
English Program with Core French and Early French Immersion Attendance Boundary

New Half Moon Bay Elementary School

Option C

Description: Half Moon Bay Public School offers a JK-3 ENG/EFI program and New Half Moon Bay ES offers a grade 4-8 ENG/EFI program
