

OTTAWA-CARLETON
DISTRICT SCHOOL BOARD

New Half Moon Bay Elementary School

Opening for September 2022

Grade, Program Offering and Attendance Boundary Review

Options for Discussion Purposes

Advisory Committee Meeting #2

**Virtual Meeting
5:30 - 7:30 pm
March 18, 2021**

New Half Moon Bay Elementary School Consultation Timeline

Activity	Date
Notice of Intention to Commence Study and Approve Study and Timeline	
➤ Committee of the Whole Meeting (online format)	14 November 2020
➤ Board Approval of Study Consultation Plan/Timeline (virtual format)	15 December 2020
Consultative Stage	
➤ Formation of the Advisory Group	January 2021
➤ Advisory Group Meeting # 1 (virtual 5:30 – 7:30 pm)	25 February 2021
➤ Advisory Group Meeting # 2 (virtual 5:30 – 7:30 pm)	18 March 2021
➤ Information Meetings <u>as required</u> with Advisory Group (virtual format)	March/April 2021
➤ Public Consultation Meeting (potentially an online format)	April 2021
Recommendation and Decision Making Stage	
➤ Regular Committee of the Whole Meeting – Presentation of Staff Recommendation Report (potentially an online format)	May 2021
➤ Regular Board Meeting – Final Decisions (potentially an online format)	June 2021
Communication and Implementation Stage	
➤ Communication of Board Approved Decision	June 2021
➤ Implementation of Board Approved Decision	September 2022

Option A Revised - Accommodation Impact

Description:

Both **Half Moon Bay Public School** and **New Half Moon Bay Elementary School** offer a JK-6 ENG/EFI program.

Half Moon Bay Public School Attendance boundary is generally divided along Cambrian Rd east/west of Greenbank Rd. The new subdivision located west of the re-aligned Greenbank Rd is directed to Half Moon Bay Public School

Issues & Considerations

- Approximately 1/3 of Half Moon Bay PS's current enrolment is located within its core area - Planning Area 4.
 - Difficult to divide the regular English program boundary to ensure viable program enrolment especially in primary division (Grades 1-3).
 - Enrolment between the 2 schools is split by a 60/40 ratio
 - New school would open as a JK-5 with grade 6 phasing the following year New school Gr 5's would have at least 2 years in the school before heading to Cedarview Middle School for Gr 7-8.
 - With two (2) schools in the community, more students are able to walk to their designated school.
 - Provides for equity of program access, locally.
 - Considers future development and student accommodation within each school boundary.
-

Option A - Revised
Junior Kindergarten to Grade 6
English Program with Core French and Early French Immersion Attendance Boundary

New Half Moon Bay Elementary School

Option A Revised - Accommodation Impact

Description: Half Moon Bay Public School and New Half Moon Bay Elementary School both offer a JK-6 ENG/EFI program. The boundary line is revised to extend along Cambrian Road, east/west of the existing Greenbank Road with the new subdivision south/west of the future re-aligned Greenbank Road being directed to Half Moon Bay Public School.

Option A1 Revised- Accommodation Impact

Description:

Same as Option A, except that both Half Moon Bay Public School and New Half Moon Bay Elementary School also offer an Intermediate program JK-8 ENG/EFI.

Half Moon Bay Public School Attendance boundary is generally divided along Cambrian Road east/west of Greenbank Rd. The new subdivision located west of the re-aligned Greenbank Rd is directed to Half Moon Bay Public School.

Issues & Considerations

- New school would open as a JK-5, with grades 6-7-8 phasing in one grade per yr thereafter. Both schools would exceed 100% utilization and likely requires portables.
- A phase-in of the intermediate cohort would commence in 2024 with grade 7 being offered at both schools
- Intermediate (Grade 7-8) cohort is split between the two schools. With 2 schools in the community, more students are able to walk to their designated school.
- Provides for equity of program access, locally.
- Enrolment at Cedarview Middle School is reduced to 450 students or approx. 65% utilization. Allows opportunity for the school to be used for future accommodation solutions.

Option A1 - Revised
Junior Kindergarten to Grade 8
English Program with Core French and Early French Immersion Attendance Boundary

New Half Moon Bay Elementary School

Option A1 - Revised - Accommodation Impact

Description: Half Moon Bay Public School and New Half Moon Bay Elementary School both offer a JK-8 ENG/EFI program. The boundary line is revised to extend along Cambrian Road, east/west of the existing Greenbank Road with the new subdivision south/west of the future re-aligned Greenbank Road being directed to Half Moon Bay Public School.

Note: Utilization % = enrolment divided by school capacity

Option B Revised- Accommodation Impact

Description:

Half Moon Bay Public School offers a JK-6 ENG/EFI program

New Half Moon Bay Elementary School offers a JK-6 EFI and 7-8 ENG/EFI program

JK-6 ENG boundary is comprised of the existing Half Moon Bay Public School boundary;

JK-6 EFI boundaries for the 2 schools are the same as in Option A Revised

Gr 7-8 ENG/EFI boundary is comprised of the existing Half Moon Bay PS boundary.

Issues and Considerations

- Regular English program remains at Half Moon Bay PS (JK-6) .
- Both schools offer local immersion program (JK-6).
- Gr 7-8 ENG/EFI program allows for intermediate programming within the community at one school.
- New Half Moon Bay ES opens with a JK-7 grade structure
- In 2022 enrolment at both schools are generally balanced.
- By 2026, enrolment at both schools is balanced though overcapacity, with approximately 750 students at Half Moon Bay PS and 800 students at the new school. Portables required.

- With two schools in the community, more students are able to walk to their designated school.
- Provides for equity of program access, locally.
- Considers future development and student accommodation within each school boundary.

Option B - Revised
Junior Kindergarten to Grade 6
English Program with Core French Attendance Boundary

Map 1 of 3

Option B - Revised
Grades 7 to 8

English Program with Core French and Early French Immersion Attendance Boundary

Map 3 of 3

New Half Moon Bay Elementary School

Option B Revised - Accommodation Impact

Description: Half Moon Bay Public School retains its existing JK-6 ENG program which serves the entire community and accommodates local JK-6 area immersion program students. New Half Moon Bay Elementary School accommodates local area JK-6 EFI students and offers grade 7-8 ENG/EFI programming serving the entire community. The JK-6 EFI boundary is the same as in Option A Revised

		Total	60	67	66	63	56	48	37	37	187	174		795	

Note: Utilization % = enrolment divided by school capacity

Option B 1 New - Accommodation Impact

Description:

Half Moon Bay Public School offers a JK-6 ENG/EFI program

New Half Moon Bay Elementary School offers a JK-6 EFI.

The Option is the same as B except Gr 7/8 not offered. Area 7/8's continue on at Cedarview Middle School

Issues and Considerations

- Regular English program remains at Half Moon Bay PS (JK-6) .
 - Both schools offer local immersion program (JK-6).
 - New Half Moon Bay ES opens with a JK-5 opening grade structure, as new gr 5's would have 2 years in the new school.
 - Unbalanced enrolment distribution between the schools. New school remains in the 60% utilization range in the short term.
 - With two schools in the community, more students are able to walk to their designated school.
 - Provides for equity of program access, locally.
 - Considers future development and student accommodation within each school boundary.
-

Option B1 - New
 Junior Kindergarten to Grade 6
 English Program with Core French Attendance Boundary

Note: Grade 7 and 8 students continue to attend Cedarview M.S.

Option B1 - New
 Junior Kindergarten to Grade 6
 Early French Immersion Attendance Boundary

Note: Grade 7 and 8 students continue to attend Cedarview M.S.

New Half Moon Bay Elementary School

Option B 1 - Accommodation Impact

Description: Half Moon Bay Public School retains its existing JK-6 ENG program which serves the entire community and accommodates local JK-6 area immersion program students. New Half Moon Bay Elementary School accommodates local area JK-6 EFI students only. Grade 7-8 ENG/EFI program students continue to attend Cedarview Middle School.
